NLRB - Office of General Counsel Advice Memo:

Federación Puertorriqueña de Trabajadores (Ashford Presbyterian Community Hospital
- 3/25/2015)

<http://case.lawmemo.com/advicememos/140092.pdf>

The Region submitted this case for advice on whether the Union has been violating Section 8(b)(3) by refusing to meet and bargain over the auxiliary unit or whether the collective bargaining agreement was automatically renewed. The Office of General Counsel concluded that the collective bargaining agreement automatically renewed because the parties did not engage in bargaining before the Union withdrew its untimely notice of contract termination.
